## Petition Against Fish-Guano Company

A petition has been circulated about town this week asking the prevention, by the government, of the use of food fishes in the manufacture of Fish-Guano for fertilizing purposes. This movement was started to prevent a company from operating in Alaska this season and considering the number of new canneries going in their certainly is no room in Alaska for any concern that uses food fishes for any other purpose than preparing them for the table.

## Effect Of Primary Elections

Primary elections are now watched closely as they are recognized as a good indicator of general political sentiment. The 1912 primaries will be watched especially as they are expected to show the trend of National sentiment.

Massachusetts may have a Presidential primary and the Bay State is considered as representing New England. Wisconsin will have a

primary and while La Follette is expected to sweep his state, the other votes will be interesting. Oregon will have a Presidential primary and California may have.

Thus all sections except the southern part of the United States will have a primary election the results of which will be watched closely as being indicative of the outcome of the Presidential election.

## The Indoor Game

The indoor baseball outfit came up on the Curacao last Saturday. Since then the interest taken in the game has grown for several reasons, chiefly for its resemblance to the greatest game of America. Aside from the real enjoyment of the game, it is a good exercise and a pastime for people whose work is confining.

A game is being arranged for Friday evening Feb. 9th and all descriptions of Rooters, Fans and Bugs are expected to be present as the teams now organizing will have had time to become somewhat accustomed to the rules and plays of the indoor game.

## New Activity At Copper Mountain

Since the recent transfer of title to the Copper Mountain Mines and smelter, which have been idle for several years, new activity has been evidenced by the arrival of workmen who are overhauling the machinery of the workings and smelter.

## Madden - Harrington

Last Saturday evening, at 9 o'clock in the Wrangell Hotel parlor, Mrs. Ethel Madden, of Eldora, Iowa, and Mr. C. W. Harrington, were united in marriage by U. S. Commissioner, Wm. G. Thomas. The wedding was a quiet affair, only a few of the friends of the groom being present. Mr. H. W. Rinn acted as Best Man and Mrs. Wm. Hood as Matron of Honor.

Mr. Harrington is in the employ of the Columbia & Northern Fishing & Packing Company. Mr. and Mrs. Harrington expect to make their home in Wrangell for some time and the Sentinel joins with the many friends of the groom in wishing them a long and happy married life.

case, Alaska, the producer, gets but 3 per cent of the ultimate valuation.

As the above estimates were derived from the report of a single company, it cannot be taken as an average but be it the largest price or smallest it is a surprising figure.

## Al-Ki Rams Wharf

The Al-Ki arrived from Seattle early Tuesday morning on her first trip since coming out of dry-dock.

In making a landing at the St. Michael Trading Company's dock she refused to stop and rammed through the approach of the new wharf and grounded in the shoal water under the approach.

The Northland Steamship Company's officials took the repair work in hand and a crew of men were put on the work Tuesday.

## St. Philip's Church

"Church Ideals" will be the theme at St. Philip's Church Sunday evening, Feb. 4th. A special service for young people. All are cordially invited.

## School Celebrates Burns' Birthday

Remembering the general high quality of the Wrangell Public School entertainments, a goodly number of Wrangell citizens took themselves to the school house last Thursday afternoon to the Scotch Entertainment given in honor of the anniversary of Robert Burns' birthday.

Nor were they disappointed in the least for the students gave the songs, recitations and descriptions in a pleasing manner which earned themselves and instructors much deserved praise.

## Fish Egg Sawmill Property Sold

The Sawmill property at Fish Egg, formerly owned by an association of business men, was recently sold to a Seattle mill man. A full crew of Sound mill operators will be employed this year and a capacity cut is expected.

## Leap Year Ball

Beware all you bachelors, the ladies are on your trail, and to start things going right are making big arrangements for their grand ball to be given at the Red Men's Hall tomorrow evening.

The committee reports that nothing is being spared to give one and all a good time. All the gentlemen of Wrangell are especially invited and as it promises to be one of the best times you will have during this Leap Year, don't forget to put in your appearance.

## Firemen Attention

The Alert Fire Company No. 1 will meet next Monday evening, February 5. As the election of officers for the ensuing six months comes up at this meeting, all firemen should be present.

## What Alaska Receives For The Salmon

Did you ever estimate the amount of money per case Alaska receives for its salmon? From the statement of a company operating 16 canneries, 14 of which are in Alaska, the fact that \$250,000 was spent in the territory during 1911 is gained.

As the 1911 pack of the company was 1,053,015 cases and allowing one eighth for the canneries outside of Alaska the price per case would be approximately 27 cents. Taking \$9.00 as the retail price of one

## NOTICE OF MARSHAL'S SALE

United States of America)  
District of Alaska

Public notice is hereby given, that by virtue of a writ of Fieri Facias (or execution), dated January 15, A. D. 1912, issued out of the District Court, of the United States for the First Division, District of Alaska, on a judgement rendered in said Court, on the 12th day of October, A. D. 1911, in favor of F. M. Jordan and against the El Capitan Mining Company, I have this 15th day of January, A. D. 1912, levied upon the following described personal property and real estate, situated in the District of Alaska, to-wit:

Those certain mining claims called the J. C. Rathbun Marble claim, the George Pulver Marble claim, and the George Kelly Marble claim, all of which were located on the 8th day of September, 1902, by J. C. Rathbun, Libbie C. Rathbun, Milton L. Van Dyke, Laura L. Van Dyke, George Pulver, Sallie B. Pulver, F. W. Woodman and E. A. P. Woodman, as an association of persons, the same being situated about eight miles from Shakan post office upon or near Klawak Passage, Prince of Wales Islands, District of Alaska, each of which claims containing one hundred and sixty acres and all as shown by the location certificates filed and now of record in the office of the Recorder of the Ketchikan Mining District, in Vol. 1 of Mines, at pages Rathbun, 464; Pulver, 465; Kelly, 463;

Those certain mining claims called the "W. A. Finn" marble mining claim, the R. L. Fox marble mining

claims, and the Fielden Smith marble mining claim, as located, surveyed, recorded and as held by the locaters thereof, situated in Wrangell Mining District, District of Alaska, described as follows: Each and all of said marble mining claims were located on the 15th day of January, 1900, by Louisa Finn, W. A. Finn, Fielden Smith, Eliza J. Smith, R. L. Fox, J. Q. Denton and Lucy Denton, as an association of persons, and the same being situated about eight miles from Shakan post office upon or near Klawak Passage, Prince of Wales Island, District of Alaska, each of said claims containing one hundred and sixty acres, and all as shown by the location certificates thereof filed and now of record in the office of the recorder of said Wrangell Mining District, in Vol. 12 of mines, at pages 79, 80 and 81 thereof, and to which reference is hereby made;

One hundred and sixty acres of placer mining ground, being the Milton Van Dyke marble claim, situated on the Klawak Passage on the west coast of Prince of Wales Island, in the Ketchikan Mining District, District of Alaska, described as follows; to-wit: Beginning at the northeast corner of the W. A. Finn Marble claim, thence running westerly 320 rods; thence northerly 80 rods; thence easterly easterly 320 rods; thence southerly 80 rods to the place of beginning, the location notice whereof is recorded in the office of the Recorder of the Ketchikan Mining District in Vol. 2 of Mines, at page 305;

One hundred and sixty acres of placer ground, being the Seattle marble claim, situated on the Klawak Passage, on the west coast of Prince of

Wales Island, in the Ketchikan Mining District, in the District of Alaska, described as follows: Beginning at the southeast corner of the R. L. Fox marble claim, thence running westerly 320 rods, thence southerly 80 rods, thence easterly about 320 rods to tide water; thence along the meander line to place of beginning, the location whereof is recorded in the office of the Recorder of the Ketchikan Mining District in Vol. 2 of Mines, at page 303;

One hundred and sixty acres of placer mining ground, being the Ridge marble claim, situated on the Klawak Passage, on the west coast of Prince of Wales Island in the Ketchikan Mining District, in the District of Alaska, described as follows, to-wit: Beginning at the northeast corner of the Milton Van Dyke marble claim, thence running westerly 320 rods; thence northerly 80 rods; thence easterly 320 rods; thence southerly 80 rods to the place of beginning, the location notice whereof is recorded in the office of the Recorder of the Ketchikan Mining District, in Vol. 2 of Mines at page 302.

One hundred and sixty acres of placer mining ground, being the South marble claim, situated on the Klawak Passage, on the west coast of Prince of Wales Island, in the Ketchikan Mining District, in the District of Alaska, described as follows, to-wit: Beginning at the southeast corner of the Seattle marble claim, thence running westerly to the southwest corner of said Seattle claim, thence southerly 80 rods to tide water; thence easterly 320 rods, or to tide water, thence along the meander line to the place of beginning, the location notice whereof is recorded in the office of the Recorder of the Ketchikan Recording District, in Vol. 2 of Mines at page 304.

And all relocations and amended locations, if any, of each and all of said claims.

Also the following machinery, being located at or near the quarry upon said mining property, to-wit:

Three gang saws to saw 16'0"x6'x6'  
Two 48"x8" Freni sand pumps for feeding sand or steel to saws.

One transfer car,  
Three block cars for gangs.  
One ton saw blades.  
One 50 H. P. Atlas engine.  
One 60 H. P. Boiler.  
One 40 H. P. Boiler.  
One 20 H. P. Boiler with winch attached.

One 6 1-2 Sullivan Channeller.  
One V. X. Sullivan Channeller.  
One 10 ton hand derrick with guys.  
One drill press, blacksmith shop, blacksmith tools and forge.

One steam pump.

Pulleys, shafting and belting to run all machinery, and all derricks, tools, steel, ropes, tracks, cars and other personal property of whatsoever nature now on said mining property or used for the operation of the same;

Also two barges used in connection with the said mining property and lying in the waters adjacent thereto, one being 22x88 feet and the other being 12x30 feet;

Together with the appurtenances thereunto belonging or in any way appertaining;

And that I will, accordingly, offer said personal property and real estate for sale, at public vendue to the highest and best bidder, for cash, on the 29th day of February, A. D. 1912, at 2 o'clock P. M. on the above mentioned premises situated about eight miles from Shakan, Prince of Wales Island, Alaska.

Dated January 5th, A. D. 1912.

What Really Hurt.  
"I had no intention," the returned traveler said, "of cheating Uncle Sam out of a single cent, and I honestly thought I had declared everything I brought back with me that was dutiable, but when the customs officers overhauled my baggage at the dock they found several trinkets I had forgotten."

"And they confiscated them?"

"Sure!"

"Tough, wasn't it?"

"Oh, I didn't mind that. What hurt me the worst was that just before I went away on that trip I had taken a complete course of memory lessons."—Chicago Tribune.

The Special Smokeless Steel barrel, rifled deep on the Ballard system, creates perfect combustion, develops highest velocity and hurls the bullet with utmost accuracy and mightiest killing impact.

The mechanism is direct-acting, strong, simple and perfectly adjusted. It never clogs. The protecting wall of solid steel between your head and cartridge keeps rain, sleet, snow and all foreign matter from getting into the action. The side ejection throws shells away from line of sight and allows instant repeat shots always.

Built in perfect proportion throughout, in many high power calibres, it is a quick handling, powerful, accurate gun for all big game.

SALE OF TIMBER. Ketchikan, Alaska, January 20, 1912. Sealed bids marked outside, "Bid, Timber Sale Application, December 12, 1911, Tongass," and addressed to the Forest Supervisor, Forest Service, Ketchikan, Alaska, will be received up to and including the 1st day of March, 1912, for all the merchantable dead timber, standing or down, and all the live timber marked or otherwise designated for cutting by the Forest officer, located on an area to be definitely designated by the Forest officer before cutting begins, including about 9 acres, on the north side of Frosty Bay, directly opposite Deer Island, mainland, within the Tongass National Forest, Alaska, estimated to be 500,000 feet B. M. of live and dead spruce and hemlock sawtimber, log scale, more or less. No bid of less than \$1.00 per thousand feet B. M. will be considered and a deposit of \$200.00 must be sent to C. T. Gardner, Special Fiscal Agent, Forest Service, Ketchikan, Alaska, for each bid submitted to the Supervisor. Timber upon valid claims is exempted from sale. The right to reject any and all bids is reserved. For further information and regulations governing sales address Forest Supervisor, Tongass National Forest, Ketchikan, Alaska.

### Cured His Seasickness.

"I found a sure cure for seasickness by accident," said a man who travels much on the water. Drawing a little nickel plated mouth harp out of his pocket, he added: "Here it is. I won this harmonica on board on one trip as a card prize. On this trip the boat rolled and tossed and swayed. I felt my turn coming and to amuse myself as long as possible played on the mouth harp and played with great vim. Gradually as I played the portentous feeling left me. When I related my experience to a doctor after landing he said:

"That's easy to explain. Your little harp forced you to do some deep breathing."—New York Sun.

## WINCHESTER

.401 Caliber

Self-Loading Rifle.

This new Winchester is reloaded by recoil, the repeating as well as the firing mechanism being under control of the trigger finger. A bullet fired from it strikes a blow of 2038 pounds—force enough to topple over the biggest game—penetration enough to reach the innermost vital spot. The wonderful in operation and powerful in execution, this rifle is neither complicated in construction nor cumbersome to handle.

It Hits Like The Hammer Of Thor.
